

# Submissions Open for “Glaucoma”

Austin Journal of Anatomy (ISSN: 2381-8921)

**Dear Doctor,**

Greetings for the day!

We are pleased to announce a special edition on “*Glaucoma*”. This special edition covers all areas of Glaucoma. International researchers working in these areas are requested to contribute to this special edition.

This edition publishes *research articles, reviews, mini reviews, commentaries, short reports, case reports and clinical images*.

*Successfully released 16 Issues (Including Online First and Current Issue) after the stringent review process of all manuscripts.*

## **Advantages of publishing your work with us:**

- DOI assignment to all published articles
- 21 days rapid peer review
- 24/7 customer support
- Article available in both PDF & HTML formats
- Article tracking at any stage of review

We appreciate your valuable suggestions and feedback for the enhancement of Austin Publishing Group.

**Best Regards,**
